

ONLINE VIDEO CAPTURE & CONFERENCING

MTSA utilizes the latest in Microsoft Teams as a student support service. The video capture platform and video share technology allows students to interact online and develop a sense of community. Students can interact with each other in real-time using any mobile or desktop device and sessions can be video captured to store or share with other classmates who couldn't join live. Video can also be uploaded and comments, with video placement time stamps, can be posted to create asynchronous student interaction and collaboration for course content and student projects.

All students are expected to adhere to MTSA [Student Dress Code](#) whether online or in person.
