

# DREL 810: RELIGION AND A CHRISTIAN WORLDVIEW II

These courses address the spiritual component of MTSA's philosophy that true education involves the growth of the spiritual, intellectual, and physical aspects of the student. Religion 810 focuses on the personal impact of one's spiritual worldview and examines specific doctrines of Judeo-Christian beliefs through the frame of Seventh-day Adventist Theology. This gives the student the opportunity to deeply consider their own beliefs.
