

# CLASS REPRESENTATIVES

Students in each Practice Doctorate cohort elect several representatives to assist with communication between students, staff, and faculty. Each of these representatives is a member of the [School Life and Wellness Committee](#). Please see a description of each below:

1. ***Class Liaison*** – The class liaison plays a pivotal role in communication. Primarily, the class liaison advocates for the needs and concerns of their classmates, ensuring their voices are heard. They facilitate open channels of communication by relaying informal information from students to faculty and staff.
2. ***Class Archivist*** – The class archivist collects photos, videos, etc. from their classmates throughout the program. These photos may be used for social media, the Wellness Initiative site, etc. They will also be compiled and shared upon graduation.
3. ***Class Representative*** – The class representative brings information to the School Life and Wellness Committee about the concerns and needs of the class, regarding topics such as improvements to campus spaces, topics that arise in day-to-day life at MTSA, and opportunities that would benefit and enhance the overall well-being of students.
