

DEDU 890: SENIOR BOARD REVIEW IV

This course is designed to assist the student with final preparation for the National Certification Exam (NCE) through the National Board on Certification and Recertification of Nurse Anesthetists (NBCRNA). Online resources (APEX and Prodigy), are utilized this semester for studying and assessing your readiness for the NCE. The Apex password protected comprehensive exams, Prodigy exams, and the second SEE are used for determination of grades in the course. MTSA's required benchmark must be achieved this semester.
