

COMMUNITY SERVICE PROGRAM

MTSA believes in “giving back” to the community, and thus has ongoing opportunities for the entire school to participate in community service projects. The Practice Doctorate curriculum includes a mandatory service project. Each student is asked to participate in a community-related project to encourage a life of service.

MTSA also hosts a yearly Service Month, typically throughout the month of November. During Service Month, the School Life and Wellness Committee collaborates with various non-profit organizations to schedule service events that students, staff, and faculty can participate in together.

Students may suggest service events they would like included in Service Month to the School Life and Wellness Committee.
